

AR-CO WOOD FACTORY

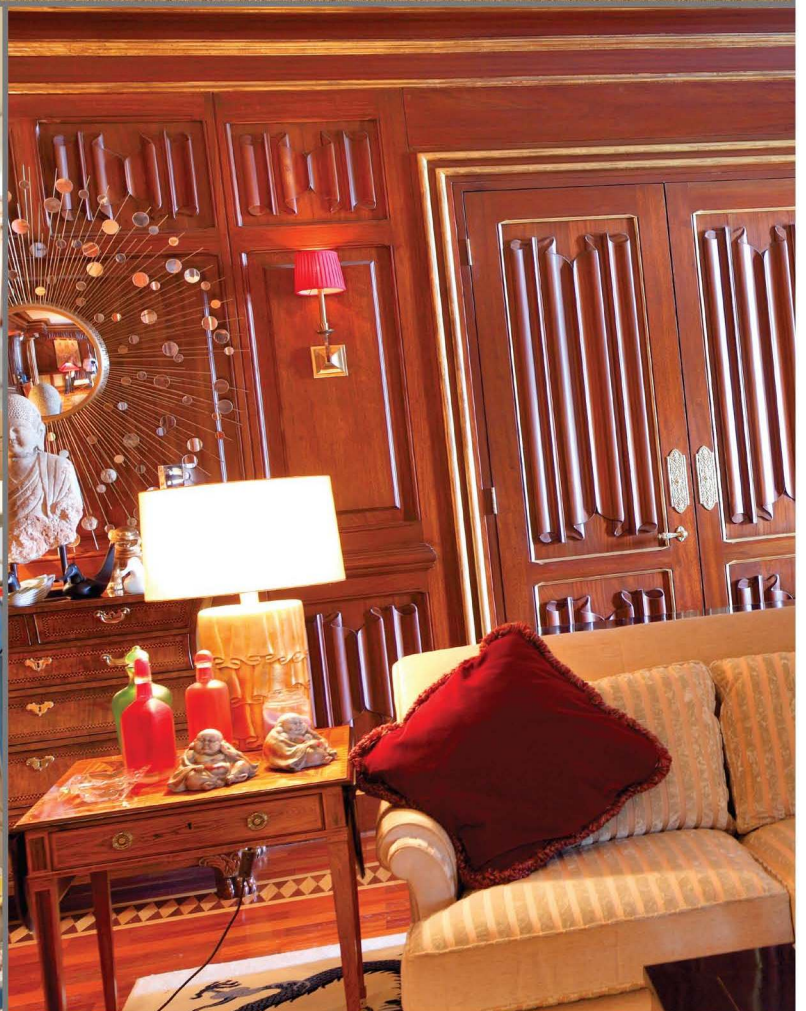

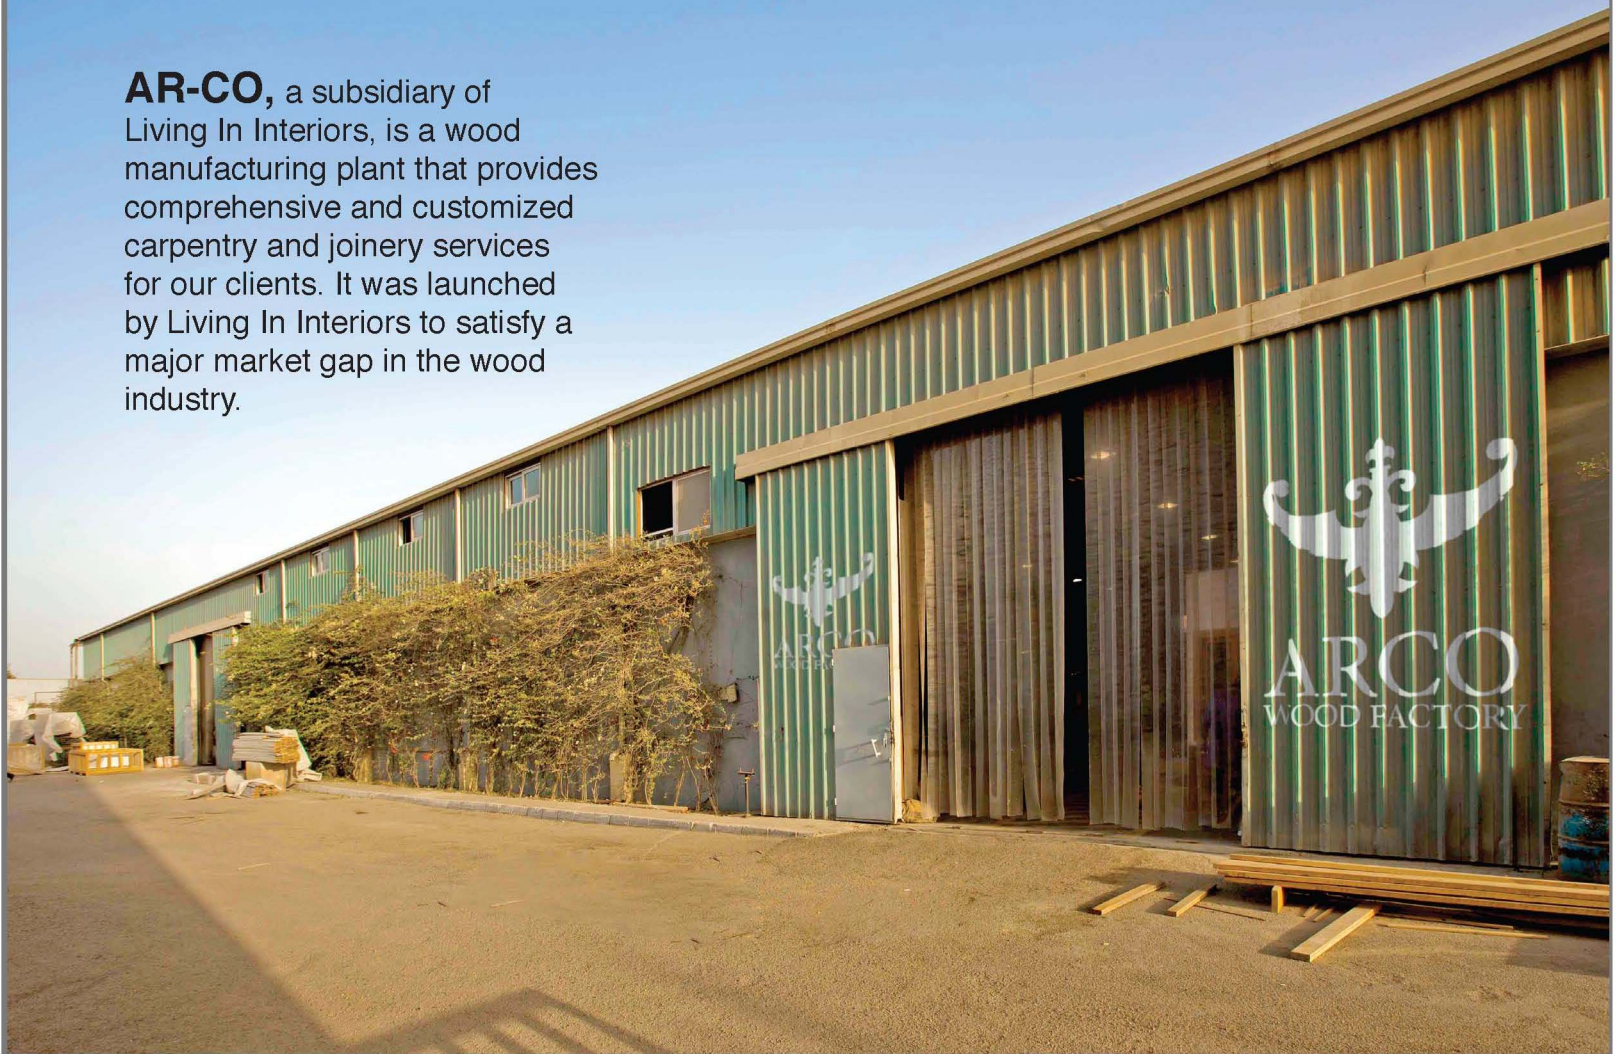

EXPERTS IN MANUFACTURING, INSTALLATION AND MAINTENANCE

LIVING IN
— INTERIORS —

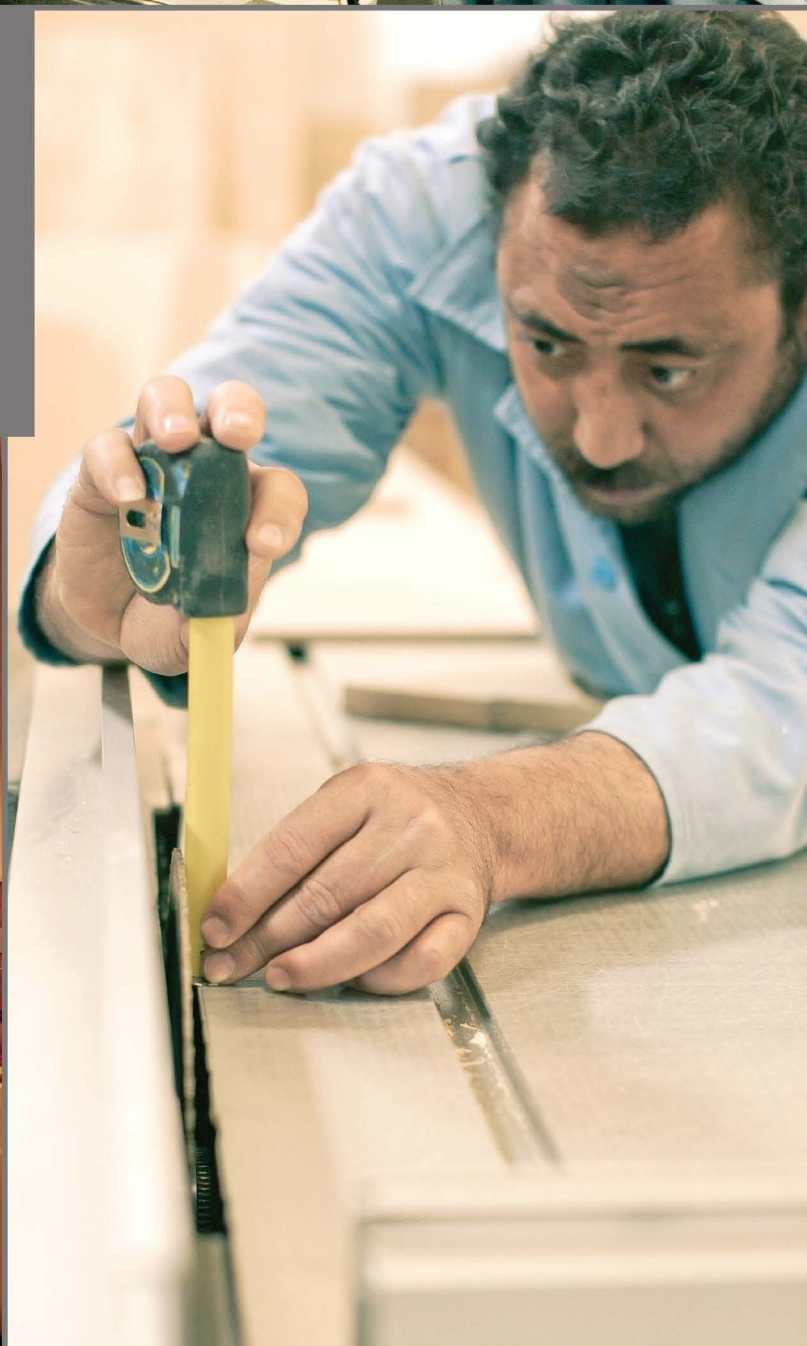

AR-CO, a subsidiary of Living In Interiors, is a wood manufacturing plant that provides comprehensive and customized carpentry and joinery services for our clients. It was launched by Living In Interiors to satisfy a major market gap in the wood industry.

With woodwork taking center-stage for us over the past years, AR-CO is committed to deliver outstanding products and services to architects, designers and all other stakeholders who seek unique quality and style.

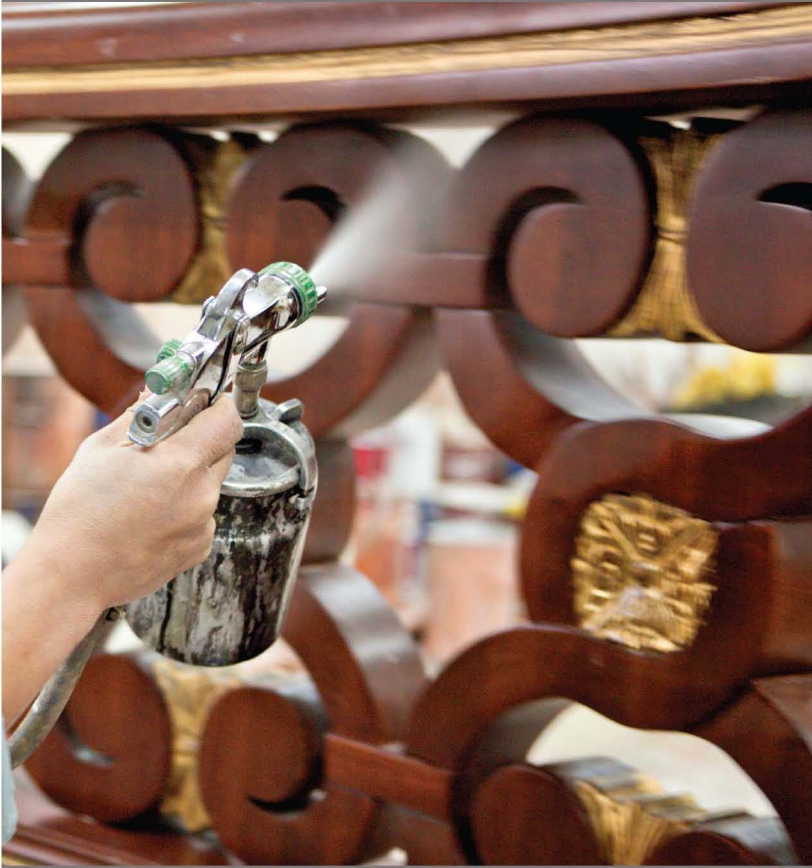

Mission
Manufacturing quality products and delivering excellent service, while leveraging our staff expertise to continuously develop our production standards to meet, and exceed, our clients' requirements.

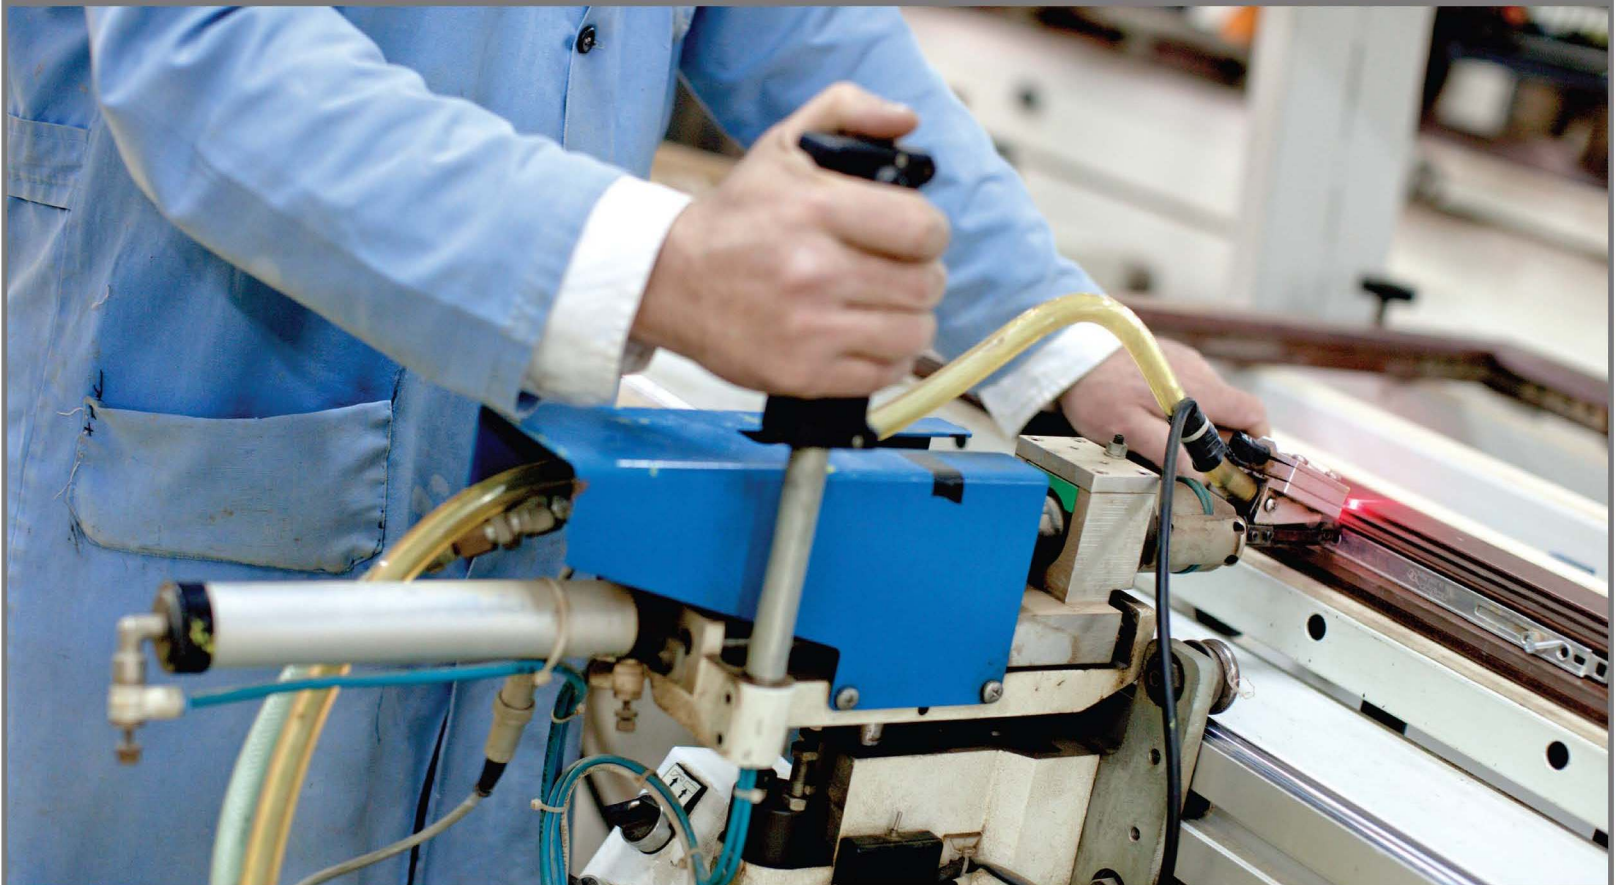

Vision
Utilize our expertise and resources to swiftly and efficiently respond to any project idea.

Capabilities

The AR-CO plant is located in Abu Rawash, spanning over an area of 3,000 sq m, and has two production lines; MASSIF & VENEER. Our top notch production quality goes back to our vast expertise and industry knowledge, as well as our sophisticated machinery that adopts the latest technologies and enhances our production rates, such as our automated painting machine, wood dryer, and router, as well as the turn and tilt window machine.

We only use high-end raw material, accessories and finishing material, hence raising the industry benchmark and delivering the best quality standards for our clients.
